

West Side and City Suburban

HEARTILY FOR TICKET.

Action Taken by the West Side Republican League and Members of West Side Republican Club.

The West Side Republican league met in regular session in their rooms over Davies' pharmacy, South Main avenue, last evening at which President W. A. Phillips presided. The attendance was good and much enthusiasm was displayed. In addition to the other important business transacted a motion was made and unanimously adopted that "Every member get out on the coming election day and work hard to bring about the full vote for the entire Republican ticket."

Resolved, That we, the West Side Central Republican club, heartily endorse the candidacy of James S. Beacom, of Westmoreland, for state treasurer, and that of Levi G. McCawley, of Chester, for auditor general, knowing that they are worthy of public confidence, both on account of their individual and party records. Resolved, That we further pledge our full and undivided support to the candidates for county offices nominated at the late Republican convention, and that we will support them in every way possible. We fully believe that the constituency at large were gratified by the selection of the candidates mentioned above as evidenced by the overwhelming majorities in the convention, and we believe that in their election the county will be benefited by the painstaking, conscientious, honest and efficient services that will be rendered.

BUSINESS AND PLEASURE.

Hyde Park lodge, No. 306, Knights of Pythias, held a regular meeting last evening at Masonic hall which was well attended. A social session was held after the regular business had been dispensed with. Cigars were passed and Sir Knight John H. Thomas entertained those present with a talk on the "Experiences of a Western Traveler." Mr. Thomas enjoyed an extensive trip throughout the West during the summer and his entertaining way of telling what he had seen was very instructive and interesting.

PICKWICKS MEET.

The Pickwicks held their first regular season for the 1897-8 season last evening at the home of Miss Kate Chase, 125 North Summer avenue. There was a good attendance and an excellent programme was carried out. A paper was read by Miss Grace H. Peck on the topic "A Plan for the Winter's Work." It proved very interesting and offered many good suggestions. Two papers were read on the

subject "Is the Study of Political Economy Congenial for Ladies." Miss Rachel Powell supported the affirmative, and Miss Belle Doud favored the negative. Honors were about even. The members present then took up a general discussion of the proposition of studying American literature as the main work for the winter. The idea met with general favor. Miss Rachel Powell recited "The Loom of Life." The next meeting will be held at the home of Miss Harriett Coons, of Adams avenue.

HAD A WARRANT FOR HEATH.

Robert Curtis, a constable of Pittston, came here on Wednesday armed with a warrant for the arrest of Inez Heath, a colored man, who was charged with having forgotten to pay for his board at the boarding house of Robert Bennett at Pittston. Mr. Bennett accompanied the constable to this city. They found Mr. Heath and on Wednesday afternoon, just after he had been paid for work done on the sewer being built on Chestnut street, the officious constable seized the pay envelope containing the money and told Heath to skip. At least Heath alleged all this, and claims that the constable offered him fifty cents to hasten his skipping. Not getting his money on demand, Heath went before Alderman Kelly and had a warrant issued for the arrest of Constable Curtis, charging larceny.

The constable was arrested and became abusive. Ten dollars fine and ten days in the county jail were placed upon him. After spending one night in the station house he paid the fine and entered bail before Alderman Christian Storr, of the Nineteenth ward, on the charge of larceny. His troubles had just begun. Mr. Bennett demanded the money, \$125 in amount, taken from Heath. Curtis did not have it and Mr. Bennett went before Alderman Kelly and had a warrant issued, charging the constable with extortion. Curtis gave bail before Alderman Storr on this charge.

BUNCOERS ABROAD: BEWARE! It is the trick of the Bryanites to make this fall to make false charges against Republican methods, raise a big dust, hire Republican malcontents to organize Republican bolts and then coax individual Republicans to desert their party on the representation that "party ties needn't count for anything in an off year." By this trick, if it shall work, the Bryanites will get a foothold for a hopeful fight in national campaigns, and make just so much more trouble for McKinley, the Republican congress and the cause of sound money.

You now see through this trick. Are you going to let it work?

SAYS IT IS A MENACE.

Mr. Felts Complains of a D. L. and W. Powder House.

Isaac B. Felts instituted another suit against the Delaware, Lackawanna and Western company yesterday. This time it is an action in equity to compel the removal of a powder magazine outside of the limits of Taylor borough.

In his complaint, Mr. Felts says that the powder house is within two hundred feet of his dwelling and that it has a capacity of five tons. Within a radius of five hundred feet there are twenty dwellings and within a radius of eleven hundred feet there are one hundred and four families residing.

The houses are all located on a side hill facing the Empire mine of the Lehigh and Wilkes-Barre Coal company, in which only five kegs of powder and five cases of dynamite were stored, exploded, by reason of being struck by a thunderbolt, and houses for a distance of two thousand feet were badly damaged. One man was killed and many more would in all likelihood have been killed or injured but for the fact that there were few people about that night on account of the storm.

The Delaware, Lackawanna and Western company's powder house is of brick and stone and at all times contains a large amount of explosives. In case of an explosion it could be expected to do much more damage than resulted from the Wilkes-Barre explosion, where the magazine was constructed of wood and where only a comparatively small amount of powder was stored at the time, the mine being idle.

Mr. Felts declares that he has laid all these matters before the company, and though importuned to abate the nuisance it neglects to do so. He asks that an injunction be issued to compel the company to accede to his request. He is represented by Attorneys A. Ricketts, E. Merrifield and John F. Scragg.

FOOT BALL GAME TODAY. Scranton-Wilkes-Barre High School Eleven Will Meet.

The game between the Scranton and Wilkes-Barre high school foot ball eleven will take place this afternoon at Athletic park at 3 o'clock. Professor David O'Leary and Prof. H. Leonard, of the Wilkes-Barre high school will umpire. H. Rose and Tudor Williams will be line-men.

The game drives interest from the fact that Wilkes-Barre has been defeated once in three years, yet the Scrantonians expect to win. A large attendance is expected, as interest in the game is on the increase and the natural rivalry between the two cities will do its part. A large delegation from Wilkes-Barre is coming along to root for their team.

The Scranton team will introduce many novel side attractions worth witnessing. Both the teams are noted for the remarkably clean game they play.

The line-up at Scranton is as follows: Right end—Murphy. Right tackle—Hull (Captain). Right guard—Moran. Center—Malta. Left guard—Gibbons. Left tackle—Morse. Left end—Battin. Right half—Langstaff. Full back—Welsh. Quarter—Tewksberry.

The Wilkes-Barre players will reach here at 2:15 o'clock. They will make their headquarters at the Westminister hotel their headquarters.

Next Saturday the Scranton team will go to Binghamton to play a return game. The following Saturday, Nov. 6, Keystone academy will play here, and on Nov. 13 Scranton plays a return game with the team at Wilkes-Barre. Thanksgiving Day the School of the Lackawanna and high school will play.

A Woman's Deed.

A BENEFACTRESS WHO IS DOING INCALCULABLE GOOD.

Devotes Much of Her Time to the Benefits of Children—How She Helps Them.

From the Evening News, Detroit, Mich.

Mrs. John Tansy, of 130 Baker Street, Detroit, Michigan, is one of those women who always know just what to do in all trouble and sickness. One that is a mother to those in distress. To a reporter she said: "I am the mother of ten children and have raised eight of them. Several years ago we had a serious time with my daughter, which began when she was about sixteen years old. She did not have any serious illness but seemed to gradually waste away. Having never had any consumption in our family, as we come of good old Irish and Scotch descent, we did not think it was that disease. Neither did she have a hacking cough, yet she grew thinner and paler each day. Our doctor called the disease by an odd name which, as I afterward learned, meant lack of blood.

It is impossible to describe the feelings John and I had as we noticed our daughter slowly passing away from us. As a last resort I was induced to try Dr. Williams' Pink Pills for Pale People, made by the Dr. Williams Medicine Company, Schenectady, N. Y., which I understood contained in a condensed form all the elements necessary to give new life and richness to the blood and

restore shattered nerves. Before she had taken half a box, there was a decided change, and after three months' treatment you would not have recognized her, as her health was so greatly improved. She gained in flesh rapidly and soon was in perfect health. I have always kept the pills in the house and have recommended them to every one I could. I have told many mothers about them and they have made some wonderful cures. One of the girls had a young lady friend that came to the house almost every day, and she was a sight. Honestly, she seemed almost transparent. I did not care to have my daughters associate with her, as I was afraid she would drop dead some day when they were out on the street. I recommended and begged her to take Dr. Williams' Pink Pills for Pale People, and she told her of their sterling qualities and how the cost was slight, being only 50 cents a box or six boxes for \$2.50, at any druggist's. Finally I induced her to try them.

"Every mother in this land should keep these pills in the house, as they are good for many other ailments. I don't believe in doctoring and never spent much money in medicine, but I can recommend Dr. Williams' Pink Pills for every mother that has a daughter just coming into womanhood."
